### Sunshine Club - Play Worker

The Sunshine Club provide exclusive pre and after school care for the children attending St Joseph's School in Sutton Coldfield.

Do you care passionately about children, their well being and achievements? We are looking for a well-organised, friendly and flexible professional to join our team to start as soon as possible. Ideally you will be qualified to a minimum NVQ Level 2 - or working towards this. If you have the imagination and expertise to plan for a full range of exciting child-focused activities, this could be the job for you.

The club is strongly committed to safeguarding and promoting the welfare of children and young people. The successful applicant will be required to undertake a number of recruitment checks along with an Enhanced Certificate of Disclosure from the Criminal Records Bureau.
